Professional Summary

Motivated Software Development enthusiast skilled in Java, Python, SQL/MySQL, and Machine Learning with hands-on experience in web applications, forecasting systems, and AI-powered projects. Strong knowledge of Object-Oriented Programming (OOP), DBMS, REST APIs, SDLC, and Data Structures & Algorithms. Passionate about building scalable, efficient, and user-friendly software solutions with strong analytical and problem-solving abilities.

Technical Skills

- Programming Languages: Java, Python, SQL/MySQL
- Web Technologies: JavaScript, HTML, REST APIs
- Databases: MySQL, MongoDB
- Data Analysis & Visualization: Power BI, Tableau, Excel
- Concepts: Object-Oriented Programming (OOP), DBMS, SDLC, Data Structures & Algorithms, REST APIs
- Embedded & IoT: Arduino UNO, IR Sensors, Servo Motors, Real-time Monitoring

Projects

- **Freelancing Web Application**
 - Developed a full-stack web application using Java, MongoDB, and REST APIs connecting clients with freelancers.
 - Implemented secure user authentication, profile management, and job posting/application modules for efficient project handling.
 - Integrated real-time chat and AI-based fraud detection to enhance user experience.
- **End-to-End Time Series Forecasting System**
 - Developed an end-to-end Time Series Forecasting System using Python to predict next 8 weeks of state-wise sales using historical sales data.
 - Implemented ARIMA/SARIMA, Facebook Prophet, XGBoost, and LSTM models with advanced feature engineering techniques for accurate forecasting and model comparison.
 - Built a production-ready REST API using FastAPI for automated best model selection and real-time sales prediction deployment.

Certificates

- Build a Computer Vision Application with Azure Cognitive Services - Microsoft/Coursera (Dec 2025)
Verify: <https://coursera.org/verify/AP3TW9F6YJ1V>

Education

- **Vels University** 2022-2026
B. Tech CSE Artificial intelligence and Machine learning
6.19
- **Vani Vidyalaya** 2022
12th Grade | 60%
- **Vani Vidyalaya** 2020
10th Grade | 70.2

Soft Skills

- Problem Solving
- Analytical Thinking
- Communication Skills
- Team Collaboration
- Time Management
